**SAN JUAN COUNTY  
FRIDAY HARBOR, WASHINGTON**

**Call for Bids for Maintenance Materials – 2012-2013**

---

Sealed Bids will be received and publicly opened by the County Administrator in the **San Juan County Council Hearing Room, 55 2<sup>nd</sup> St N, 1<sup>st</sup> Floor, Friday Harbor, Washington**, on **Thursday, February 23, 2012 1:30pm** or as soon thereafter as possible, for the following products for San Juan County:

**Aggregates**

The purpose of this Call for Bids is to solicit bids for the procurement of Maintenance Materials, needed by San Juan County, for use during the period of March 1, 2012 through December 31, 2013. As per RCW 36.32.256, the County reserves the right to award the bid to more than one vendor, per item, when hauling distance is a factor.

Each of the four materials listed could be supplied by different vendors to different locations depending on the project. A vendor may bid on any one material or all four. This is not strictly a lowest bid process.

A purchasing contract, or a series of contracts, will be entered into for purchases of any or all bid items represented in this call for bids. The County Representative, when making purchases, will consider Price, Quality, Availability, and Transportation Costs of the product. San Juan County requires materials of the highest quality available. The County reserves the right to reject any or all offers and to waive informalities and minor irregularities in offers.

The quantities listed in the solicitation represent the County's current estimated requirements. The County will be neither obligated by nor restricted to the quantity(s) indicated.

All prices listed shall be shown as FOB the supplier's location.

**A 5% Bid Bond, based on the value of the minimum quantities of each item bid upon, shall accompany this call for bids.**

The successful bidder will be required to grant, on demand, access to their facilities by a County Representative for the purpose of collecting material samples for testing.

Sealed bid envelopes must be clearly marked on the outside, **"Call for Bids for Maintenance Materials, to be opened at 1:30pm, February 23, 2012"** and must be delivered to San Juan County Council Clerk, Friday Harbor office, prior to bid opening time.

**BIDS RECEIVED AND NOT SO MARKED WILL NOT BE CONSIDERED.**

**Mailing Address:** San Juan County Council Clerk  
55 2<sup>nd</sup> Ave N., 1<sup>st</sup> Floor  
350 Court St #1  
Friday Harbor, WA. 98250

**QUESTIONS?** Contact Sue Nielsen, Procurement Specialist, 360/370-0527, [suen@sjcpublicworks.org](mailto:suen@sjcpublicworks.org).

Vendors with materials to sell to San Juan County are requested to fill in the appropriate attached bid requests. Please P R I N T all of the relevant information. Feel free to attach an additional price list on products that you have available that may interest the County.

**SAN JUAN COUNTY  
FRIDAY HARBOR, WASHINGTON**

**Item 1: Aggregate Products**

The County expects to purchase various quantities of the following Aggregate Products, for use during the proposed time period. Products offered are required to conform to specifications referenced in the Standard Specifications for Road, Bridge, and Municipal Construction, 2012 edition, unless otherwise indicated below. Prices will be quoted based on Customer Pickup of the product. Please include your standard price list, if applicable, for other available products. Use additional sheets if you have more than one site location that the County can purchase from. All prices will be in US tons. Do NOT include Sales Tax in the prices listed

\*\*\*\*\*

Product	Location of Quarry	Min/Max Tons Purchase/Yr.	Loaded Product Price/Ton	Weight Tons/CY

San Juan County Public Works  
3/8" Coverstone Specifications

<u>Crushed Screening</u>	<u>Percent Passing</u>
-	<u>3/8" - U.S. No. 10</u>
<u>1" square</u>	<u>---</u>
<u>3/4" square</u>	<u>---</u>
<u>5/8" square</u>	<u>---</u>
<u>1/2" square</u>	<u>100</u>
<u>3/8" square</u>	<u>90-100</u>
<u>U.S. No. 4</u>	<u>30-56</u>
<u>U.S. No. 10</u>	<u>0-10</u>
<u>U.S. No. 200</u>	<u>0-1</u>
<u>% fracture by weight, min.</u>	<u>75</u>
<u>Sand equivalent, min.</u>	<u>N/A</u>
<u>Flat and Elongated Particles</u>	<u>0</u>
<u>Static stripping test</u>	<u>Pass</u>

The fracture requirement shall be at least one fractured face and will apply to material retained on each specification sieve size No.10 and above if that sieve retains more than 5 percent of the total sample.

The finished product shall be **washed**, clean, uniform in quality, and free from wood, bark, roots, and other deleterious materials.

Crushed screening shall be substantially free from adherent coatings. The presence of a thin, firmly adhering film on weathered rock shall not be considered as coating unless it exists on more than 50 percent of the surface area of any size between successive laboratory sieves.

The portion of aggregate for bituminous surface treatment retained on a U.S. No. 4 sieve shall not contain more than 0.1 percent deleterious materials by weight.
